THE CHARTER BUSINESS® AGENT REFERRAL PROGRAM IS EASY.

Want a simple way to earn extra cash? By becoming a Charter Business referral agent, you have the opportunity to earn cash by helping clients, colleagues, and other businesses get better internet, telephone, cable TV, and/or data-networking services.

All you have to do is familiarize yourself with our eligible products and determine who could benefit from them. We provide you with all the information and support you need—and you won't ever have to make a sale.

WHO CAN I REFER?

Any clients, colleagues, or other businesses that you think could benefit from superior internet, data networking, telephone, T1-PRI (ISDN), and/or cable TV solutions that are available through Charter Business.

HOW DO I MAKE A REFERRAL?

Whenever you discover a business that has an interest in our services, go to Charter-Business.com/AgentReferral and submit your lead online. A Charter Business Account Executive will then contact you and your referral.

HOW DO I GET PAID?

Your payment amount will be equivalent to our first month's revenue from the referral customer, up to a maximum of \$5,000. Plus, if you sell more than one service, your payment amount will be equivalent to 1.5 times our first month's revenue from the referral customer, up to a maximum of \$5,000. In addition, you may receive an accelerator on top of your initial referral fee. Earn an extra \$100 per lead for 5 or more successful referrals per month, \$150 for 10 or more, and \$200 for 15 or more!

HOW DO I SIGN UP?

Just go to Charter-Business.com/AgentReferral and fill out a registration form. Within 72 hours, you will receive a Charter Business Referral Agent I.D. number, and further instructions about the program will come from your Charter Business point of contact.

CHARTER BUSINESS INTERNET

Internet at the speed of business

With scalable bandwidth options, Charter Business has the capacity to handle a one-person start-up, a corporate headquarters, and anything in between with speeds up to 20Mbps.

DATA NETWORKING

Connections customers can count on

Seamlessly integrate computers, multiple offices, and teleworkers into one secure and reliable network with expert design, implementation, and support.

CHARTER BUSINESS TELEPHONE®

It's easy to switch.

Customers can keep their same number and equipment while taking advantage of reliable telephone service, various long-distance plans, and business-specific features that offer a cost-effective alternative to traditional service.

Charter Business® Voice Trunk T1-PRI (ISDN) is also available for businesses with high capacity calling. It offers simplified pricing, hassle-free scalability and a choice of flexible calling packages.

CHARTER BUSINESS CABLE TV®

Programming that customers can count on

Get a reliable signal that, unlike satellite, isn't affected by weather. And get tons of great programming and the ability to watch different channels on different TVs without additional equipment.

CHARTER BUSINESS BUNDLE®

Customers can combine any of our data, phone, and/or cable TV services to get big discounts on one convenient bill.
