

CHARTER BUSINESS® SOLUTIONS FOR HEALTHCARE

DATA, INTERNET, AND VIDEO SOLUTIONS TO HELP HEALTHCARE ORGANIZATIONS IMPROVE OPERATIONS.

■ SIMPLE

Charter Business® offers solutions that make it easy for healthcare organizations to improve access to information and technology. This not only benefits physicians, administrators, and staff—but patients as well.

■ FLEXIBLE

The healthcare industry is growing and changing at such a rapid pace that it's important to choose a partner that can grow and adapt with you. That's why Charter Business offers not only a variety of services, but a number of options within those services. High-speed internet with a variety of speed options, data networking, and video services can all be customized to fit your needs.

■ RELIABLE

We proactively monitor equipment and technology performance, and provide 24/7 customer support backed by local Charter Business technicians.

WHAT IT IS

Technology and healthcare are more intertwined than ever, and your communications needs are growing rapidly. With solutions from Charter Business, you can provide robust data networking, high-speed internet access, and video conferencing capabilities to enhance the care experience for physicians, administrators, staff, and patients alike.

HOW IT WORKS

Simply tell us what you're trying to accomplish and we'll tell you the best way to get it done. All of your services come to you through our state-of-the-art network to provide a seamless communication and information solution, allowing you to concentrate on the more important things—like your clients or patients.

WHAT YOU GET

FEATURE	BENEFIT
Scalable Technology	Flexible high-speed internet service lets you connect numerous sites—from offices to clinics and hospitals—into one integrated network, as well as provide key personnel with access to centrally stored medical records and related information.
Business-Class Customer Support	Highly trained customer service representatives and technical support personnel are available around the clock.
Versatile Connections	Use connections for data, phone networks, and internal video conferencing, as well as to distribute dedicated internet access throughout all buildings.
Reliable Connections	Access information, such as patient records and test results, from home or other remote locations.
Video and Music Options	Adapt high-quality video programming and music services to ease patient anxiety, boost employee morale, and keep staff and doctors informed.

Provide medical personnel, staff, and patients with valuable technology and communication resources. Call Charter Business® today.
